WhiteGold Max

Antiquity Mix 70092105

Antirrhinum majus SNAPDRAGON

Antiquity

Antirrhinum Antiquity is an open flowered series which is ideally suited to larger containers or garden borders.

- Antiquity has extremely robust dark foliage foliage and great branching, resulting in outstanding garden performance.
- The improved branching also makes this variety more suitable for Summer and Autumn production where it fills the pot better before flowering.

GERMINATION RATE	POT SIZES	CROP TIME AFTER POTTING	HABIT
Raw 80%	Packs / 8-10 cm	5-7 weeks	Upright

Raw	If needed	35–40 cm W x 23–28 cm H	Sun

Crackle & Pop Mix

Antirrhinum majus F1 SNAPDRAGON

Crackle & Pop

Antirrhinum Crackle & Pop is an early flowering dwarf Snapdragon with strong pack, pot and garden performance.

- The well branched plants are covered by well formed flower spikes which bloom in a very tight flowering window.

Sweet Duet Mix

Antirrhinum majus F1 SNAPDRAGON

Sweet Duet

Up the Ante!

Improved doubleness and flower size vs the competition, with some attractive color combinations.

- Strong stems with good branching habit.
- Good option for late spring and early summer sales in larger containers and premium formats.
- Also perfect for Autumn sales, as plants build up a strong base, before the flower induction in Summer.
- Highly fragrant.

Costa Yellow and Orange

Calendula officinalis CALENDULA OFFICINALIS

Costa

A cheerful addition to your cool weather assortment.

- Calendula Costa is a dwarf and well branched variety with excellent uniformity and flower size compared to existing varieties.
- Due to its earliness, Costa is an ideal companion plant to sell in Spring alongside Viola and Pansy.
- Available as three separate colors and as a formula mix, Costa is perfect for 9 cm – 13 cm pot production.

Nicotiana x sanderae F1 NICOTIANA X SANDERAE

Perfume

Facing the Summer!

Bred for improved disease tolerance and garden performance, Nicotiana Perfume is a breakthrough in the suitability of Nicotiana for landscape use.

- Vigorous, well branched plants with a mass of upward facing blooms thrive all Summer long.
- Abundant flowers create masses of color in larger formats.

Pelargonium peltatum F1 IVY GERANIUM

Reach Out

Superb landscape, container and basket performance.

- Geranium Reach Out is a series of F1 Ivy Leaf Geranium that has a compact habit which is unrivalled when it comes to pack production.
- Early to flower and easier to produce than competing varieties due to its compact habit and short internodes.
- The Reach Out series produces a full canopy of flowers all over the plant and does not get ‘tangled up’ in production like other varieties.

Horizon

Pelargonium x hortorum F1 GERANIUM

Horizon

- Horizon's natural basal branching sets it aside from competing varieties and reduces production costs with a lesser requirement for PGR applications.
- Horizon is the grower's first choice for high density pot and pack production due to its earliness, uniformity and short, sturdy flower stems.
- The wider range of colors offers greater choice than competing varieties.
- In the landscape or container, Horizon's 360° branching and hybrid vigor makes for a stunning display into late Summer.

Tagetes patula nana FRENCH MARIGOLD

Cresta

Crest the wave of profitability.

- Notably earlier flowering than its closest competition, therefore saving valuable time, space and cost in production.
- The large showy flowers, great uniformity and excellent garden performance is everything that modern growers and consumers demand.
- A great choice for pots, packs and the garden.

Happy Yellow

Tagetes patula nana FRENCH MARIGOLD

Happy

Marigold Happy is a genetically dwarf type, bred to be used in small cell packs, but also to withstand heat in the landscape.

- More uniform between the colors with the extra vigor needed to perform in the garden.
- Flower size is also larger, so closer to standard crested French varieties.

Bright and Early

Brassica oleracea F1 ORNAMENTAL CABBAGE

Bright and Early

Early color, whatever the weather!

As the name suggests, Bright and Early is one of the first ornamental Kale series to show colour in the Autumn, without the need for vernalisation.

- Its naturally compact habit makes it the perfect choice for smaller pot production, requiring less PGR applications to control height.
- The fringed leaves add ornamental value and make it a great option for Winter combinations alongside Pansy and Viola.

GERMINATION RATE	POT SIZES	CROP TIME AFTER POTTING	HABIT

Ice Crown 70097943

Brassica oleracea ORNAMENTAL CABBAGE

Ice Crown

An ice cool variety for the autumn/winter season.

Naturally compact vs the competition in the feathered leaf type; requires less PGRs.

- Early coloring without the need for cold temperatures – shorter production cycle.
- Very clean white crown with no blushing contrasts against the green outer leaves. Attractive foliage that looks like ice crystals.
- A great option for autumn/winter combos. Great cold tolerance, will tolerate frosts.
- Raindrops pass through the open foliage more than fringed leaf types, helping to prevent Botrytis.

Sugar Rush Mix 70059652

Cheiranthus cheiri F1 WALLFLOWER

Sugar Rush

Wallflower Sugar Rush requires no cool temperatures for flowering!

- This F1 hybrid Cheiranthus can be sold in late Summer or early Autumn from as little as 9 weeks from sowing.
- Even during warm temperatures it still produces dark green healthy foliage and great natural branching.
- Once planted out it will withstand heavy frost and wintery conditions, making a nice bushy plant that will then re-flower in early Spring.
- Alternatively, it can be sold as a flowering plant in early Spring in as little as 14-16 weeks from sowing.
- The perfect addition for Autumn and Winter gardening.
- A versatile companion to Pansies!

VEGETABLES

Floral Spires White

Aristotle 70092320

Ocimum basilicum BASIL

Aristotle

This Greek basil-type produces a tight, neat, rounded mound of densely packed leaves. Highly aromatic small leaves loaded with Basil flavor, Aristotle looks as good as it tastes and makes a delightful feature plant in pots or containers or even planted into a sunny spot in the garden. Strong stems,

late flowering and good tolerance to poor weather make for excellent performance. One seed can easily fill a 1 gallon/8” (20 cm) pot.

Best for: adding flavor to soups, sauces, fish and meat dishes. Fresh or dried.

Seed Form	Natural
Germination	85%
Seed Count	780/g
Plant Height	25cm
Plant Spread	25cm
Pot Size	15cm
Plug Time	21 - 24 days
Days to Maturity	63 days

Floral Spires Lavender 70092321

Ocimum basilicum BASIL

Floral Spires

A very ornamental basil bred for its flowers as well as its foliage. Floral Spires make great flowering plants but they are also excellent for culinary use.

Unlike other Basils the leaves do not get bitter when the plant flowers.

Uniform, dense bushy habit with a distinct Thai basil scent, an ideal windowsill plant which is equally happy in a pot or planted out in the garden. One seed can easily fill a 1 gallon/8” (20 cm) pot.

Best for: fresh.

Seed Form	Natural
Germination	85%

Frost Byte 70104891

Brassica oleracea BORECOLE

Frost Byte

An edible Kale which is also highly ornamental. Textured and ruffled leaves develop a striking contrasting white centre as they mature and have a very sweet flavor, even the leaf stalks are sweet and have the crispest texture.

Ideal used for multiple cuts prolonging the harvesting period.

Coloration increases with the colder temperatures.

Seed Form	Natural
Germination	85%
Seed Count	427/g
Plant Height	25 - 30cm
Plant Spread	25 - 30cm
Pot Size	13 - 20cm
Plug Time	10 days
Days to Maturity	90 - 100 days

Peticue 70092263

F1 Cucumis sativus CUCUMBER

Peticue

A short “slicer” cucumber: the perfect variety for patio growing taking up less than half the space of other cucumbers – just 45-60cm, short and busy, ideal for pots – but still delivering plenty of sweet, crunchy cucs. With the plants happy outdoors, fruiting after about 45 days, picking at 18-23cm long, and more fruiting with regular cropping there is a lot to love about Peticue.

Best used for fresh consumption.

Seed Form	Natural
Seed Count	36/g
Plant Height	15cm
Plant Spread	60cm
Pot Size	25cm
Plug Time	10 - 14 days
Days to Maturity	45 days
Fruit Colour	Green
Fruit Shape	Gherkin
Fruit Weight	Pick at 8 - 13 cm

Petipikel 70093983

F1 Cucumis sativus CUCUMBER

Petipikel

Petipikel is a short vining/bush pickling cucumber. Petipikel has been bred to stay compact, with the vines using only one third of the space of a standard variety. Plants mature in just 45 days. Pick the green striped, spined fruit at 3 - 5” (8-13 cm) for the best results. Harvest regularly to increase the yield.

Best used for pickling, but fruit can be left until 7” long and used fresh.

Seed Form	Natural
Seed Count	36/g
Plant Height	15cm
Plant Spread	60cm
Pot Size	25cm
Plug Time	10 - 14 days
Days to Maturity	45 days
Fruit Colour	Green
Fruit Shape	Gherkin
Fruit Weight	Pick at 8 - 13 cm

Baby Jack 70112181

Solanum melongena EGG PLANT

Baby Jack

A very compact variety with well-branching habit that makes it perfect for container and patio gardening. Small black round fruits can be harvested at an early stage for baby fruit, cropping over a very long period.

Best for: grilled, roasted or stir-fried.

Seed Form	Natural	Plug Time	18 - 22 days
Germination	85%	Days to Maturity	60 - 65 days
Seed Count	260/g	Fruit Colour	Purple
Plant Height	55cm	Fruit Shape	Oval
Plant Spread	45cm	Fruit Weight	50g
Pot Size	20cm		

Amethyst 70091867

F1 Solanum melongena EGG PLANT

Amethyst

A compact, well branching variety with vibrant purple fruits, Amethyst crops heavily on predominantly spineless plants. Purple flowers and silver grey foliage make this an attractive plant even at an early stage. Amethyst is very well suited to containers and open ground in a warm sunny location.Crops over a very long period.

Best for: grilled, roasted or stir-fried.

Seed Form	Natural	Plug Time	18 - 22 days
Germination	85%	Days to Maturity	60 - 65 days
Seed Count	260/g	Fruit Colour	Purple
Plant Height	55cm	Fruit Shape	Oval
Plant Spread	45cm	Fruit Weight	86g
Pot Size	35cm		

Ancona 70104179

F1 Solanum melongena EGG PLANT

Ancona

A compact, well branching variety with creamy white fruit, cropping heavily on predominantly spineless plants. Purple flowers and silver grey foliage make this an attractive plant even at an early stage. Suited to containers and open ground in a warm sunny location. Fruit mature over a long cropping period and can remain on the plant for a long time before over maturing.

Best for: grilled, roasted or stir-fried.

Seed Form	Natural	Plug Time	18 - 22 days
Germination	85%	Days to Maturity	60 - 65 days
Seed Count	260/g	Fruit Colour	White
Plant Height	55cm	Fruit Shape	Oval
Plant Spread	45cm	Fruit Weight	85g

Pinstripe 70092265

F1 Solanum melongena EGG PLANT

Pinstripe

Pinstripe has a striking purple and white striped, Italian-type fruit which can be picked in a young stage for baby fruit, or left to mature to larger fruit as required. A compact branching plant with silver grey foliage which is spineless in most conditions adds an ornamental touch to containers or the garden. Produces heavy yields of oval shaped, tennis ball sized fruit over a very long period.

Best for: grilled, roasted or stir-fried.

Seed Form	Natural	Plug Time	18 - 22 days
Germination	85%	Days to Maturity	60 - 65 days
Seed Count	260/g	Fruit Colour	Purple/White
Plant Height	55cm	Fruit Shape	Oval
Plant Spread	45cm	Fruit Weight	80g
Pot Size	35cm		

Jackpot 70092264

F1 Solanum melongena EGG PLANT

Jackpot

Exceptional early establishment and good vigour. Compact, spineless eggplant ideal for container and patio gardening. Attractive plant bears prolific harvests of baby-sized Italian-type fruit which can be picked in a young stage as well. Ready to harvest in 58-62 days and crops over a very long period.

Best for: grilled, roasted or stir-fried.

Plug Time	18 - 22 days	Seed Form	Natural

Alter Ego 70092266

F1 Capsicum annuum HOT PEPPER

Alter Ego

Hot but also sweet, its natural dwarf habit makes Alter Ego perfect for patio containers and small gardens. Upward- facing fruit matures from shades of cream and light purple to scarlet-red. Exceptional branching which results in higher yield than older varieties. Long-lasting as it withstands both intense heat and full sun without fruit damage.

Not only does this result in a fantastic crop for use in home cooking but also increases the ornamental appeal.

Best for: adding to dishes for a mild heat, salsas

Seed Form	Natural	Days to Maturity	85 - 95 days
Germination	85%	Fruit Colour	Lime green/Red

1 Interpretation

1.1 Definitions. In these Conditions, the following definitions apply:
"Business Day" means a day (other than a Saturday, Sunday or public holiday) when banks in London are open for business;
"Conditions" means the terms and conditions set out in this document as amended from time to time in accordance with clause 14.6;
"Contract" means the contract between Floranova and the Customer for the sale and purchase of the Seeds in accordance with these Conditions;
"Customer" means the person or firm who purchases the Seeds from Floranova;
"Economic Sanctions" means any applicable economic, financial or other sanctions, laws, regulations or embargoes administered and enforced from time to time by the United Nations Security Council, the European Union, or the governmental institutions and agencies of the United States of America or the United Kingdom.
"Floranova" means Floranova Limited (registered in England and Wales with company number 01370190) which has its registered address at Norwich Road, Foxley, Dereham, Norfolk, NR20 4SS;
"Force Majeure Event" has the meaning given in clause 13;
"Intellectual Property Rights" means all applicable plant breeder rights, patents, rights to inventions, copyright and related rights, trade marks and service marks, trade names and domain names, rights in get-up, goodwill and the right to sue for passing off or unfair competition, rights in designs, database rights, rights to preserve the confidentiality of information (including know-how and trade secrets) and any other intellectual property rights, in each case whether registered or unregistered and including all applications (or rights to apply for and be granted), renewals or extensions of, and rights to claim priority from, such rights and all similar or equivalent rights or forms of protection which subsist or will subsist now or in the future in any part of the world.
"Order" means the Customer's order for the Seeds, as set out in the Customer's purchase order form or the Customer's written acceptance of Floranova's quotation as the case may be;
"Relevant Event" means those events set out in clause 10.2;
"Seeds" means the seeds and/or any other goods set out in the Order;
"Specification" means any specification for the Seeds, including any purity level or germination rates, which are agreed in writing by the Customer and Floranova;
"Warranty" means the warranty given in clause 5.1.

1.2 In these Conditions, the following rules apply:
1.2.1 A person includes a natural person, corporate or unincorporated body (whether or not having separate legal personality).
1.2.2 A reference to a party includes its personal representatives, successors or permitted assigns.
1.2.3 A reference to a statute or statutory provision is a reference to such statute or provision as amended or re-enacted. A reference to a statute or statutory provision includes any subordinate legislation made under that statute or statutory provision, as amended or re-enacted.
1.2.4 Any phrase introduced by the terms including, include, in particular or any similar expression shall be construed as illustrative and shall not limit the sense of the words preceding those terms.
1.2.5 A reference to writing or written includes faxes and e-mails.

2 Basis of contract

2.1 These Conditions apply to the Contract to the exclusion of any other terms that the Customer seeks to impose or incorporate, or which are implied by trade, custom, practice or course of dealing.
2.2 The Order constitutes an offer by the Customer to purchase the Seeds in accordance with these Conditions. The Customer is responsible for ensuring that the terms of the Order and any applicable Specification are complete and accurate.
2.3 The Order shall only be deemed to be accepted when Floranova issues a written acceptance of the Order (the "Order Confirmation"), at which point the Contract shall come into existence. In the event of conflict between the terms of the Order Confirmation and these Conditions, the terms of the conditions shall prevail, unless otherwise agreed in writing by a Director of Floranova.
2.4 The Contract constitutes the entire agreement between the parties. The Customer acknowledges that it has not relied on any statement, promise or representation made or given by or on behalf of Floranova which is not set out in the Contract.
2.5 Any descriptive matter, or advertising produced by Floranova and any descriptions or illustrations contained in Floranova's catalogues or brochures are produced for the sole purpose of giving an approximate idea of the Seeds described in them. They shall not form part of the Contract or have any contractual force.
2.6 Any seed samples offered by Floranova are usually offered free of charge, any customer accepting sample seed does so under the Floranova terms and conditions of business.
2.7 A quotation for the Seeds given by Floranova shall not constitute an offer. A quotation shall only be valid for a period of 20 Business Days from its date of issue.

3 Seeds

3.1 The Seeds are described in the Order.
3.2 Floranova reserves the right to amend the Specification if required by any applicable statutory or regulatory requirements.
3.3 Minimum orders for each variety of Seed shall be the lowest quoted unit in the order form. The total quantity of Seed and the pack sizes ordered from any one series will determine the price to be charged.

4 Delivery

4.1 Floranova shall ensure that:
4.1.1 each delivery of the Seeds is accompanied by a delivery note which shows the date of the Order, all relevant Customer and Floranova reference numbers, the type and quantity of the Seeds (including the code number of the Seeds, where applicable), special storage instructions if relevant and, if the Order is being delivered by instalments, the outstanding balance of Seeds remaining to be delivered; and
4.1.2 if Floranova requires the Customer to return any packaging materials to Floranova, that fact is clearly stated on the delivery note, in which case the Customer shall make any such packaging materials available for collection at such times as Floranova shall reasonably request and returns of packaging materials shall be at the Customer's expense.
4.2 Floranova shall deliver the Seeds to the location set out in the Order or such other location as the parties may agree ("the Delivery Location") at any time after Floranova notifies the Customer that the Seeds are ready. Incoterms® valid at the date of conclusion of the agreement will apply. Delivery will be Carriage and Insurance Paid To (CIP as per Incoterms® 2012) unless other conditions have been agreed. If the parties fail to agree a Delivery Location and no Delivery Location is set out in the Order, the Delivery Location shall be Floranova Group Limited, Norwich Road, Foxley, Dereham, Norfolk, NR20 4SS, United Kingdom.
4.3 Delivery of the Seeds shall be completed on the Seeds' arrival at the Delivery Location.
4.4 Any dates quoted for delivery are approximate only, and the time of delivery is not of the essence. Floranova shall not be liable for any delay in delivery of the Seeds that is caused by a Force Majeure Event or the Customer's failure to provide Floranova with adequate delivery instructions or any other instructions that are relevant to the supply of the Seeds.
4.5 All seed is sold subject to availability. All reasonable efforts will be made to meet delivery dates but these are not guaranteed. Delivery may be made by more than one consignment and each consignment shall be treated as a separate contract. If Floranova is delayed or prevented from performing the contract by any reason outside its reasonable control (including shortage of crop or market shortages) then Floranova shall not be liable for any loss or damage which may be thereby suffered by the purchaser and shall be entitled to suspend or terminate the contract without such liability. The apportionment of available seed between purchasers shall be at the discretion of Floranova.
4.6 If the Customer fails to accept delivery of the Seeds or if Floranova is unable to deliver the Seeds on time because the Customer has not provided appropriate instructions, documents, licences or authorisations, then, except where such failure or delay is caused by a Force Majeure Event or Floranova's failure to comply with its obligations under the Contract:
4.6.1 the Seeds shall be deemed to have been delivered;
4.6.2 Floranova shall store the Seeds until actual delivery takes place, and charge the Customer for all related costs and expenses (including insurance); and
4.6.3 if 10 Business Days after the day on which Floranova notified the Customer that the Seeds were ready for delivery the Customer has not accepted delivery of them, Floranova may resell or otherwise dispose of part or all of the Seeds and, after deducting reasonable storage and selling costs, account to the Customer for any excess over the price of the Seeds or charge the Customer for any shortfall below the price of the Seeds.
4.7 The Customer shall not be entitled to reject the Seeds if Floranova delivers up to and including 5% more or less than the quantity of Seeds ordered, but a pro rata adjustment shall be made to the Order invoice on receipt of notice from the Customer that the wrong quantity of Seeds was delivered.
4.8 Floranova may deliver the Seeds by instalments, which shall be invoiced and paid for separately. Each instalment shall constitute a separate Contract. Any delay in delivery or defect in an instalment shall not entitle the Customer to cancel any other instalment.

5 Quality

5.1 Floranova warrants that on delivery the Seeds shall, subject to clause 5.2, conform in all material respects with the Specification.
5.2 Any purity level or germination rates prescribed in the Specification have been reached or could be reached by following Floranova's own Seed testing processes (details of which are available on request). Floranova does not warrant that the Customer will achieve equivalent germination rates under any other conditions.
5.3 Subject to clause 5.4, if:
5.3.1 the Customer gives notice in writing to Floranova within 3 days of delivery (or in the case of a latent defect in the Seeds, within 3 days after the latent defect has become apparent) that some or all of the Seeds do not comply with the Warranty;
5.3.2 Floranova is given a reasonable opportunity of examining or testing such Seeds (for example germination tests or grow out); and
5.3.3 the Customer (if asked to do so by Floranova) returns such Seeds to Floranova's place of business at the Customer's cost;
then Floranova shall, at its option and after any such testing or examining, either replace the defective Seeds or refund the price of the defective Seeds in full.
5.4 Floranova shall not be liable for the Seeds' failure to comply with the Warranty in any of the following events:
5.4.1 the defect arises because the Customer failed to follow Floranova's oral or written instructions as to the transportation, storage, planting or cultivation of the Seeds including any guidance related to the Seeds provided on Floranova's website (www.floranova.com or www.syngentaflowers.com) or (if there are none) good trade practice regarding the same;
5.4.2 the Customer alters such Seeds without the written consent of Floranova;
5.4.3 the defect arises as a result of wilful damage, negligence, or abnormal storage or growing conditions; or
5.4.4 the Seeds differ from the Specification as a result of changes made to ensure they comply with applicable statutory or regulatory requirements or the Customer's instruction.
5.5 Except as provided in this clause 5, Floranova shall have no liability to the Customer in respect of the Seeds' failure to comply with the Warranty.
5.6 Except as set out in these Conditions, all warranties, conditions and other terms implied by statute or common law are, to the fullest extent permitted by law, excluded from the Contract.
5.7 These Conditions shall apply to any replacement Seeds supplied by Floranova.

6 Marketing

6.1 The Customer shall not, without Floranova's prior written consent:
6.1.1 sell the Seeds under any other logo or trademark other than Floranova's logo or trademark; or
6.1.2 sell the Seeds under any other name than that supplied to it by Floranova.
6.2 The Customer may use any marketing material supplied to the Customer by Floranova.

7 Intellectual Property

7.1 All Intellectual Property Rights remain Floranova's and no Intellectual Property Rights are granted to the Customer, without the specific written consent of Floranova.
7.2 The Customer shall not use the Seeds for reproduction in any manner without the prior written consent of Floranova.

8 Title and risk

8.1 The risk in the Seeds shall pass to the Customer on delivery.
8.2 Title to the Seeds shall not pass to the Customer until Floranova has received payment in full (in cash or cleared funds) for:
8.2.1 the Seeds; and
8.2.2 any other goods or services that Floranova has supplied to the Customer in respect of which payment has become due.
8.3 Until title to the Seeds has passed to the Customer, the Customer shall:
8.3.1 hold the Seeds on a fiduciary basis as Floranova's bailee;
8.3.2 store the Seeds separately from all other goods held by the Customer so that they remain readily identifiable as Floranova's property;
8.3.3 not remove, deface or obscure any identifying mark or packaging on or relating to the Seeds;
8.3.4 maintain the Seeds in satisfactory condition and keep them insured against all risks for their full price from the date of delivery;
8.3.5 notify Floranova immediately if it becomes subject to any Relevant Event; and
8.3.6 give Floranova such information relating to the Seeds as Floranova may require from time to time;
but the Customer may resell or use the Seeds in the ordinary course of its business.
8.4 If before title to the Seeds passes to the Customer the Customer becomes subject to any Relevant Event, or Floranova reasonably believes that the Customer is about to become subject to a Relevant Event and notifies the Customer accordingly, then, provided that the Seeds have not been resold, or irrevocably mixed with third parties seeds, and without limiting any other right or remedy Floranova may have, Floranova may at any time require the Customer to deliver up the Seeds and, if the Customer fails to do as soon as practicable, enter any premises of the Customer or of any third party where the Seeds are stored in order to recover them.

9 Price and payment

9.1 The price of the Seeds shall be the price set out in the Order, or, if no price is quoted, the price set out in Floranova's published price list in force as at the date of delivery.
9.2 Payment of all invoices must be made in the currency of the invoice by direct credit to Floranova's own bank account, details of which can be obtained from the accounts department.
9.3 The minimum charge for each order invoiced will be £150.00 or equivalent.
9.4 Floranova may, by giving notice to the Customer at any time before delivery, increase the price of the Seeds to reflect any increase in the cost of the Seeds that is due to:
9.4.1 any factor beyond Floranova's control (including foreign exchange fluctuations, increases in taxes and duties, increases in labour, materials and other production costs);
9.4.2 any request by the Customer to change the delivery date(s), quantities or types of Seeds ordered, or the Specification; or
9.4.3 any delay caused by any instructions of the Customer or failure of the Customer to give Floranova adequate or accurate information or instructions.
9.5 The price of the Seeds is exclusive of the costs and charges of packaging, insurance, import and plant health documents, bank charges, incidentals and transport of the Seeds, which shall be invoiced to the Customer where appropriate.
9.6 Seeds shall be packed by Floranova in their standard packaging. Requests for multiple packaging may, at the sole discretion of Floranova, be considered and if agreed shall be charged to the Customer at the rate of BPO,70/60,85/80,85 per unit or equivalent for packet.
9.6.1 The minimum pack size is 1.000 seeds per pack. Only seeds with a value of more than $50/1000 seeds or equivalent, can be packed in smaller packages, after agreement from Floranova. Packing charges will be added as mentioned in 9.6.
9.7 The price of the Seeds is exclusive of amounts in respect of value added tax or any other similar sales tax ("VAT"). The Customer shall, on receipt of a valid VAT invoice from Floranova, pay to Floranova such additional amounts in respect of VAT as are chargeable on the supply of the Seeds.
9.8 Unless otherwise set out in the Order, Floranova may invoice the Customer for the Seeds on or at any time after the completion of delivery.
9.9 The Customer shall pay the invoice in full and in cleared funds within 60 days of the date of the invoice unless other conditions have been agreed. Payment shall be made to the bank account nominated in writing by Floranova. Time of payment is of the essence.
9.10 If the Customer fails to make any payment due to Floranova under this agreement by the due date for payment, then, without limiting any other remedies Floranova may have under this Agreement, Floranova may claim interest at its discretion under the Late Payment of Commercial Debts (Interest) Act 1998.
9.11 The Customer shall pay all amounts due under the Contract in full without any deduction or withholding except as required by law and the Customer shall not be entitled to assert any credit, set-off or counterclaim against Floranova in order to justify withholding payment of any such amount in whole or in part. Floranova may at any time, without limiting any other rights or remedies it may have, set off any amount owing to it by the Customer against any amount payable by Floranova to the Customer.
9.12 Floranova reserves the right to suspend performance of any of its obligations under the Contract or any other agreement with the Customer until payment is made in full for any overdue invoice.

10 Customer's insolvency or incapacity

10.1 If the Customer becomes subject to any Relevant Event, or Floranova reasonably believes that the Customer is about to become subject to a Relevant Event and notifies the Customer accordingly, then, without limiting any other right or remedy available to Floranova, Floranova may cancel or suspend all further deliveries under the Contract or under any other contract between the Customer and Floranova without incurring any liability to the Customer, and all outstanding sums in respect of Seeds delivered to the Customer shall become immediately due.
10.2 Relevant Events are:
10.2.1 the Customer suspends, or threatens to suspend, payment of its debts, or is unable to pay its debts as they fall due or admits inability to pay its debts, or (being a company) is deemed unable to pay its debts within the meaning of section 123 of the Insolvency Act 1986, or (being an individual) is deemed either unable to pay its debts or as having no reasonable prospect of so doing, in either case, within the meaning of section 268 of the Insolvency Act 1986, or (being a partnership) has any partner to whom any of the foregoing apply;
10.2.2 the Customer commences negotiations with all or any class of its creditors with a view to rescheduling any of its debts, or makes a proposal for or enters into any compromise or arrangement with its creditors other than (where the Customer is a company) where these events take place for the sole purpose of a scheme for a solvent amalgamation of the Customer with one or more other companies or the solvent reconstruction of the Customer;
10.2.3 (being a company) a petition is filed, a notice is given, a resolution is passed, or an order is made, for or in connection with the winding up of the Customer, other than for the sole purpose of a scheme for a solvent amalgamation of the Customer with one or more other companies or the solvent reconstruction of the Customer;
10.2.4 (being an individual) the Customer is the subject of a bankruptcy petition or order;
10.2.5 a creditor or encumbrancer of the Customer attaches or takes possession of, or a distress, execution, sequestration or other such process is levied or enforced on or sued against, the whole or any part of its assets and such attachment or process is not discharged within 14 days;
10.2.6 (being a company) an application is made to court, or an order is made, for the appointment of an administrator or if a notice of intention to appoint an administrator is given or if an administrator is appointed over the Customer;
10.2.7 (being a company) a floating charge holder over the Customer's assets has become entitled to appoint or has appointed an administrative receiver;
10.2.8 a person becomes entitled to appoint a receiver over the Customer's assets or a receiver is appointed over the Customer's assets;
10.2.9 any event occurs, or proceeding is taken, with respect to the Customer in any jurisdiction to which it is subject that has an effect equivalent or similar to any of the events mentioned in clause 10.2.1 to clause 10.2.8 (inclusive);
10.2.10 the Customer suspends, threatens to suspends, ceases or threatens to cease to carry on all or substantially the whole of its business; and
10.2.11 the Customer's financial position deteriorates to such an extent that in Floranova's reasonable opinion the Customer's capability to adequately fulfil its obligations under the Contract has been placed in jeopardy.
10.3 Termination of the Contract, however arising, shall not affect any of the parties' rights and remedies that have accrued as at termination. Clauses which expressly or by implication survive termination of the Contract shall continue in full force and effect.

11 Limitation of liability

11.1 Nothing in these Conditions shall limit or exclude Floranova's liability for:
11.1.1 death or personal injury caused by its negligence, or the negligence of its employees, agents or subcontractors (as applicable);
11.1.2 fraud or fraudulent misrepresentation;
11.1.3 breach of the terms implied by section 12 of the Sale of Goods Act 1979; or
11.1.4 any matter in respect of which it would be unlawful for Floranova to exclude or restrict liability.
11.2 Subject to clauses 5.5 and 11.1:
11.2.1 Floranova shall under no circumstances whatever be liable to the Customer, whether in contract, tort (including negligence), breach of statutory duty, or otherwise, for any loss of profit, business, use or goodwill, or any pure economic loss or any indirect or consequential loss arising under or in connection with the Contract; and
11.2.2 Floranova's total liability to the Customer in respect of all other losses arising under or in connection with the Contract, whether in contract, tort (including negligence), breach of statutory duty, or otherwise, shall in no circumstances exceed 150% of the price of the Seeds received by Floranova.

12 Dispute resolution

12.1 If any dispute arises in connection with the Contract, directors or other senior representatives of the parties with authority to settle the dispute will, within 5 days of a written request from one party to the other, meet or discuss in a good faith effort to resolve the dispute.
12.2 Should mediation in accordance with clause fail to resolve the dispute within 21 days of its commencement, either party may apply for the dispute to be settled by arbitration in accordance with the ISF's Procedure Rules for Dispute Settlement for the Trade in Seeds for farming purposes and for the Management of Intellectual Property as amended from time to time, and any such arbitration shall be binding on the parties.
12.3 Any dispute relating to the germination percentage of the Seeds will be decided by an inspection by NAKTuinbouw or with any other independent and internationally recognised expert (an "Expert"). The findings made by the Expert shall be binding on both parties. Both parties shall equally share the costs of the Expert.

13 Force majeure

Neither party shall be liable for any failure or delay in performing its obligations under the Contract to the extent that such failure or delay is caused by a Force Majeure Event. A "Force Majeure Event" means any event beyond a party's reasonable control, which by its nature could not have been foreseen, or, if it could have been foreseen, was unavoidable, including strikes, lock-outs or other industrial disputes (whether involving its own workforce or a third party's), failure of energy sources or transport network, acts of God, war, terrorism, riot, civil commotion, interference by civil or military authorities, national or international calamity, armed conflict, malicious damage, breakdown of plant or machinery, nuclear, chemical or biological contamination, disease affecting the Seeds, explosions, collapse of building structures, fires, floods, storms, earthquakes, loss at sea, epidemics or similar events, natural disasters or extreme adverse weather conditions.

14 General

14.1 Assignment and subcontracting.
14.1.1 Floranova may at any time assign, transfer, charge, subcontract or deal in any other manner with all or any of its rights or obligations under the Contract.
14.1.2 The Customer may not assign, transfer, charge, subcontract or deal in any other manner with all or any of its rights or obligations under the Contract without the prior written consent of Floranova.
14.2 Notices.
14.2.1 Any notice or other communication given to a party under or in connection with the Contract shall be in writing, addressed to that party at its registered office (if it is a company) or its principal place of business (in any other case) or such other address as that party may have specified to the other party in writing in accordance with this clause, and shall be delivered personally, sent by pre-paid first class post, recorded delivery, commercial courier, fax or e-mail.
14.2.2 A notice or other communication shall be deemed to have been received: if delivered personally, when left at the address referred to in clause 14.2.1; if sent by pre-paid first class post or recorded delivery, at 9.00 a.m. on the second Business Day after posting; if delivered by commercial courier, on the date and at the time that the courier's delivery receipt is signed; or, if sent by fax or e-mail, one Business Day after transmission.
14.2.3 The provisions of this clause shall not apply to the service of any proceedings or other documents in any legal action.
14.3 Severance.
14.3.1 If any court or competent authority finds that any provision of the Contract (or part of any provision) is invalid, illegal or unenforceable, that provision or part-provision shall, to the extent required, be deemed to be deleted, and the validity and enforceability of the other provisions of the Contract shall not be affected.
14.3.2 If any invalid, unenforceable or illegal provision of the Contract would be valid, enforceable and legal if some part of it were deleted, the provision shall apply with the minimum modification necessary to make it legal, valid and enforceable.
14.4 Waiver. A waiver of any right or remedy under the Contract is only effective if given in writing and shall not be deemed a waiver of any subsequent breach or default. No failure or delay by a party to exercise any right or remedy provided under the Contract or by law shall constitute a waiver of that or any other right or remedy, nor shall it preclude or restrict the further exercise of that or any other right or remedy. No single or partial exercise of such right or remedy shall preclude or restrict the further exercise of that or any other right or remedy.
14.5 Third party rights. A person who is not a party to the Contract shall not have any rights under or in connection with it.
14.6 Variation. Except as set out in these Conditions, any variation to the Contract, including the introduction of any additional terms and conditions, shall only be binding when agreed in writing and signed by Floranova.
14.7 Governing law and jurisdiction. The Contract, and any dispute or claim arising out of or in connection with it or its subject matter or formation (including non-contractual disputes or claims), shall be governed by, and construed in accordance with, English law. Subject to clause 12, the parties irrevocably submit to the exclusive jurisdiction of the courts of England and Wales.
14.8 Economic Sanctions. Notwithstanding any other provision of these Conditions to the contrary, Floranova shall not be required by the terms of the Contract to be directly or indirectly involved in the provision of goods that may be prohibited by Economic Sanctions. The Customer shall take all reasonable steps to ensure that where it is required to provide any entity/third party with any goods supplied to the Customer by Floranova, it shall take steps to ensure that any such provision of goods to such entity is not subject to restrictions or prohibitions under Economic Sanctions
